Sorry – should have cc'd you on this. We (me, Sweeney, Havard, Hunter, & you) should probably find some time to discuss.

Subject: NOTICE OF INTENT TO SUE -- Clean Water Act Section 303(d)

On Aug. 28, 2018, the Center for Biological Diversity transmitted the attached Notice of Intent to Sue over alleged EPA inaction with respect to Oregon's 2012 Section 303(d) List. On December 21, 2016, EPA partially approved and partially disapproved Oregon's 2012 303(d) list, proposing to add 332 waterbody segments to the State's list and expressly taking no action with respect to potential marine water impairments due to ocean acidification. EPA has not taken any further action with respect to the State's list since that time. The NOI alleges a failure to perform a non-discretionary duty under CWA section 303(d) to identify impaired Oregon waters, including those impaired by ocean acidification, after EPA's partial disapproval of Oregon's 2012 303(d) list, as required by section 303(d)(2) of the CWA, 33 U.S.C. § 1313(d)(2).
